PUC	2019	Rajiv Gandhi University of Knowledge Technologies, Basar	8.5 CGPA
Class X	2017	Zilla Parishad High School, Basheerabad	9.8 CGPA

Technical Skills

- Python
- C
- JAVA
- HTML, CSS
- MySQL
- Latex
- Data Structures and Algorithms
- Oracle

Internship

Natural Language Processing *IIITH Summer Internship*

- This internship is about “Introduction to NLP”, where we learned basics of natural language processing using python and made a tremendous contribution to the “Human Annotated Abstractive Summarization Dataset Creation” task for Telugu language

Projects

Book Rental System, *Web Application*

- The application will feature a comprehensive selection of books available for online rental, encompassing a wide range of genres and subjects. Users will benefit from an intuitive and user-friendly interface that simplifies the search and selection process, ensuring a smooth and hassle-free renting experience.
- The application will prioritize affordability by offering a cost-effective rental model. Users will have access to competitive rental prices, flexible rental durations, and the option for discounted rates on extended rental periods. This approach aims to make book rental accessible and economical, enabling users to enjoy a vast library of books without the burden of significant upfront costs.

Career Path After Tenth, *Web Application*

- The website would offer information on various career choices, allowing students to make informed decisions about their future.
- Interactive tools and resources on the website would help students assess their interests, skills, and values and how they align with different career paths.

Certifications

- Programming in JAVA, NPTEL
- Joy of Computing using Python, NPTEL
- Python3, Sololearn
